

McMinn Street road works

Dear Stakeholder,

The Department of Infrastructure, Planning and Logistics is planning to resurface sections of McMinn Street as part of the \$53 million dollar joint funding from the Australian Government and Northern Territory Government to deliver shovel-ready infrastructure projects and urgent road safety upgrades.

Works to resurface McMinn Street and Day Street Intersection, and part of McMinn Street just before Manton Street and Knuckey Street will take place in September/October and are expected to take one to two days.

To reduce the impact on nearby residents, businesses, the community and commuters; works will take place on a Sunday between 6:00am to 6:00pm.

Traffic management will be in place to ensure a safe traffic environment for road users and motorists are asked to adhere to all signage in the area. The road will be closed to all road users including vehicles and on-road cyclists, detours will be in place.

To ensure you keep informed and receive up to date information as works progress, like and follow the RoadReport NT Facebook page.
