

## Bayview Drain Erosion Protection

Dear stakeholder,

The Department of Infrastructure, Planning and Logistics is repairing and upgrading various locations in the Bayview Stormwater drain.

The scope of works include:

- installing new protective structures and concrete walls,
- clean-up of debris that is obstructing the flow of the drain, and
- construction of ramps at various points along the drain to provide vehicle access for future maintenance.

Works will commence on 11 June 2024 and are expected to be completed by early August 2024.

Please adhere to all traffic management and safety measures in place.
