

TIGER BRENNAN DRIVE

TRAFFIC CHANGE

The duplication of Tiger Brennan Drive jointly funded by the Australian and Northern Territory governments is nearing completion.

This weekend, all motorists travelling along Tiger Brennan Drive between Berrimah Road and Woolner Road will be moved over to the newly constructed section of road.

This traffic change will start to take effect early Saturday morning. It will be in place until project completion. Traffic diversion points will be in place near the Woolner Road intersection and the Berrimah Road intersection. Single lane traffic will flow in each direction and reduced speed limits will be in place.

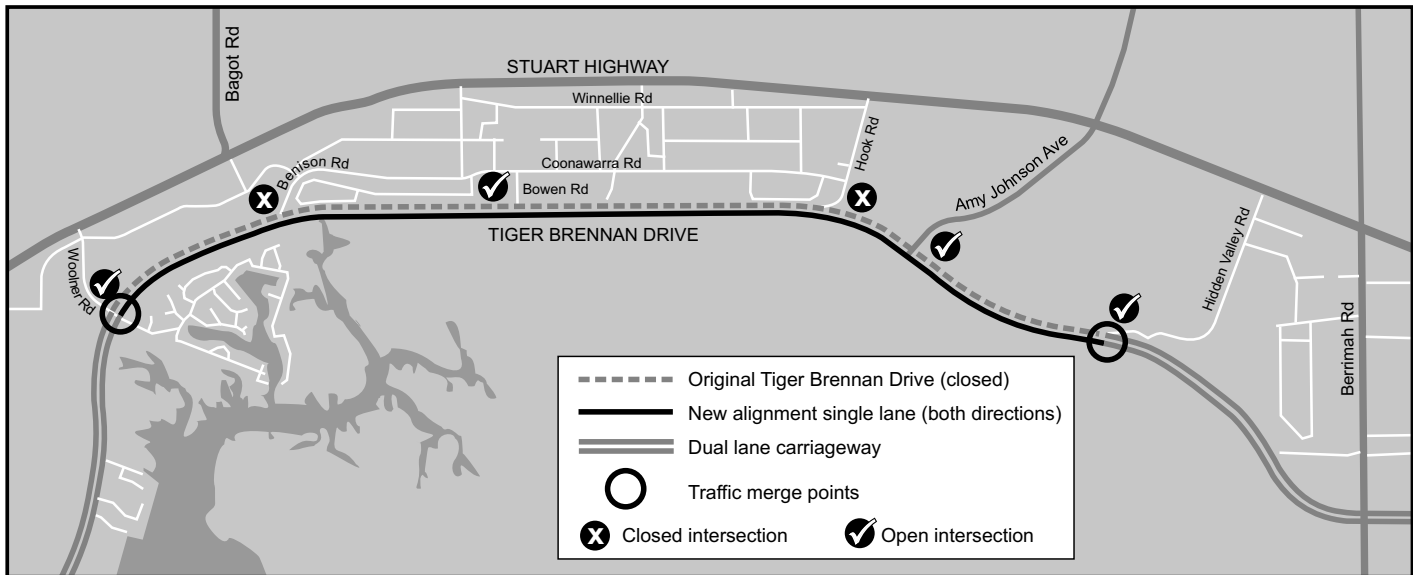

Winnellie changes

Access into and out of Winnellie from Tiger Brennan Drive will be via Woolner Road and Bowen Street only. Benison Road will be closed to traffic from Tiger Brennan Drive to Bishop Street. There will be no access to Hook Road from Tiger Brennan Drive. You will still be able to access Amy Johnson Avenue and Hidden Valley Road from new road way.

Allow extra time

Road users are asked to allow for extra time when using Tiger Brennan Drive as delays are likely. Consider an alternative route where possible, such as the Stuart Highway if travelling from the Northern Suburbs of Palmerston or the rural area.

For more information, contact the Communication and Community Engagement Team on 1800 820 455 or email tiger.brennan@nt.gov.au
