

## PALMERSTON ROAD UPGRADES

### Roystonea Avenue - construction of a third lane

#### WORKS START MONDAY 29 FEBRUARY 2016

The Northern Territory Government is undertaking a series of road improvements in and around Palmerston which started in 2015 and will continue this year.

With Palmerston being one of Australia's fastest growing cities, the Northern Territory Government is committed to ensuring the road network is upgraded to ensure it services the growth of the region.

One component of the Palmerston Road Upgrades is improvements to Roystonea Avenue with the addition of a new outbound lane from the Tiger Brennan Drive overpass Palmerston to Temple Terrace intersection. Also included in this project is the construction of a new intersection for the new development, and upgrading of intersections at Yarrowonga Road / Packard Avenue, University Avenue and The Boulevard.

Construction of the Roystonea Avenue third lane will start on **Monday 29 February**. A detailed scope of works is below.

Motorists may experience short delays while we deliver these improvements. Please allow extra time for travel along Roystonea Avenue or take an alternative route during busy periods. To minimise disruption to traffic, majority of works will take place outside of peak hours of travel. Access to business properties will remain at all times.

During these works, temporary speed restrictions and lane closures may be in place. Night works are planned, with project completion expected late 2016.

#### SCOPE OF WORKS:

##### Roystonea Avenue: Tiger Brennan Drive overpass to Temple Terrace intersection

- Construction of third lane
- Increased capacity of lanes for turning traffic
- Modifications and upgrading of traffic signals
- Resurfacing the intersection
- Upgrading the street lighting and relocation of existing street lights
- Shared pedestrian and cycle paths including safe crossing at the intersection.

Please turn over to pages 2 and 3 for scope of works and map
