

Payment Process for the \$1 Levy to the Northern Territory Government

Flowchart

An email will be sent to the taxi, minibus and private hire car operator or rideshare network (the user) advising them they are required to enter how many trips they have undertaken for the month.

The email will have a temporary PIN number and a link to a secure website. The user will need to enter their registered email address and the PIN number provided.

An SMS text message will be sent to the user's mobile phone with a code that needs to be entered into the website.

The user will enter the code from the SMS text into the website and advise how many trips were undertaken by each commercial vehicle licence (CVL) they hold. If the user has more than one point-to-point CVL they will be required to enter the number of trips undertaken by each vehicle.

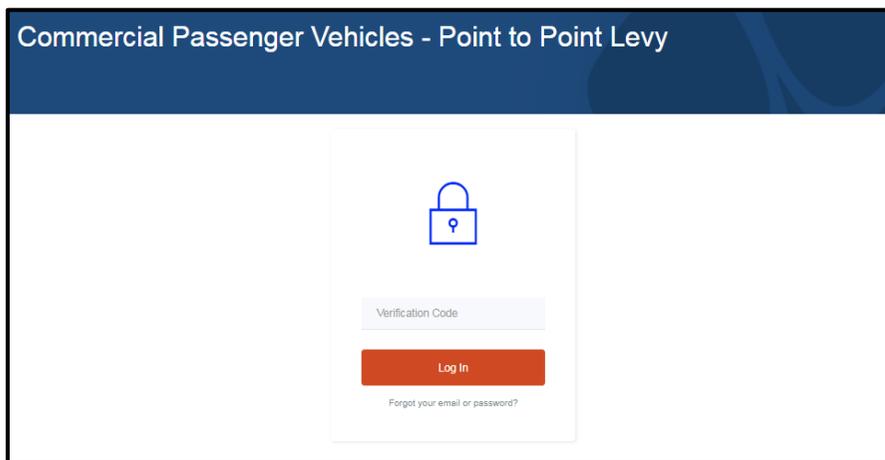

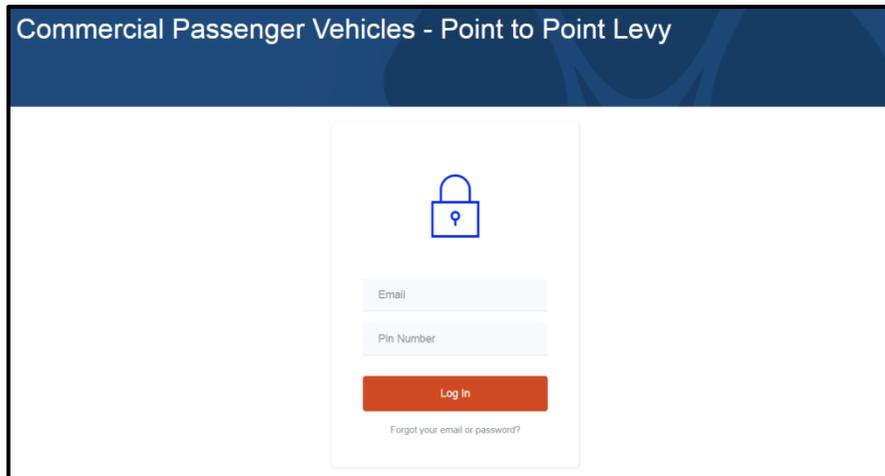

A ridesharing network will be required to enter the total number of trips by region conducted during the month.

The system will generate a tax invoice based on the data entered and the user will have options on how and when they can pay. Payment options including paying immediately or paying at a later time using a variety of options such as BPay, NT Government pay online, pay in person, or pay over the phone.

Payment is validated and a tax receipt is issued to the user for their records.

Step-by-Step Process

Payment Process for the \$1 Levy to the Northern Territory Government

Operator / Network (the user) receives email notification to enter data for the month

An email will be sent to the taxi, minibus and private hire car operator or rideshare network (the user) advising them they are required to enter how many trips they have undertaken for the month.

User logs in
