

Stuart Highway outbound lanes (Howard Springs Road and Lambrick Avenue Intersection) night works

Dear stakeholder,

The Department of Infrastructure, Planning and Logistics is re-asphalting a section of the Stuart Highway 400 metres past the Howard Springs Road and Lambrick Avenue intersection.

These works are part of the \$53 million dollar joint funding from the Australian Government and Northern Territory Government to deliver shovel-ready infrastructure projects and urgent road safety upgrades.

Night works to re-asphalt this section of road will take place between the hours of 8pm and 6am. Works are scheduled for 7pm Thursday 17 September to 7am Friday 18 September 2020, and from 7pm Saturday 19 September to 7am Thursday 24 September 2020.

Traffic management will be in place to ensure a safe traffic environment for road users and motorists are asked to adhere to all signage in the area. The road will be partially closed to all traffic and detours will be in place.

To ensure you keep informed and receive up to date information as works progress, like and follow the RoadReport NT Facebook page.
