NTP 4440 (234) PEKO ROAD, TOWN OF TENNANT CREEK
UNLISTED USE – CONSTRUCTION OF A 50 PERSON PRISON WORK CAMP
PETER WATTON

Mr Peter Watton and Mr Rodney Williams (Correctional Services) attended.

RESOLVED
0022/10
That, pursuant to section 53(b) of the Planning Act, the Development Consent Authority alter the proposed development and consent to the proposed development as altered to develop Lot 440 (234) Peko Road, Town of Tennant Creek for the purpose of a Prison Work Camp subject to the following conditions:

CONDITIONS PRECEDENT

1. Prior to the endorsement of plans and prior to commencement of works (including site preparation), amended plans to the satisfaction of the consent authority must be submitted to and approved by the consent authority. When approved, the plans will be endorsed and will then form part of the permit. The plans must be drawn to scale with dimensions and two copies must be provided. The plans must be generally in accordance with the plans submitted with the application but modified to show:
   a. details demonstrating that the development can satisfactorily accommodate fifty (50) inmates;
   b. the provision of 22 car parking spaces, including a designated space for the disabled;
   c. the provision of the required loading bay areas; and
   d. a landscape plan drawn to scale with dimensions that shows:
      • details of surface finishes of pathways and driveways;
      • a planting schedule of all proposed trees, shrubs and ground covers, including botanical names, common names, pot sizes, sizes at maturity, and quantities of each plant;
      • landscaping and planting within all open areas of the site; and
      • provision of an in ground irrigation system to all landscaped areas.

All species selected must be to the satisfaction of the consent authority.

These minutes record persons in attendance at the meeting and the resolutions of the Development Consent Authority on applications before it. Reliance on these minutes should be limited to exclude uses of an evidentiary nature.
2. Before the development starts details demonstrating that the development will adhere to the recommendations of The Environmental Impact Study prepared for the applicant, and to any land management recommendations provided by the Department of Natural Resources, Environment, the Arts and Sport must be submitted for approval by the consent authority.

GENERAL CONDITIONS

1. Works carried out under this permit shall be completed in accordance with the drawings endorsed by the delegate of the Development Consent Authority as forming part of this permit, to the satisfaction of the Development Consent Authority.

2. Any developments on or adjacent to any easements on site shall be carried out to the requirements of the relevant service authority to the satisfaction of the consent authority.

3. The owner of the land must enter into agreements with the relevant authorities for the provision of water supply, drainage, sewerage facilities and electricity and telecommunications services to the land shown on the endorsed plan in accordance with the relevant authorities' requirements and relevant legislation at the time.

4. Water reticulation to the development must be provided to the requirements and satisfaction of the Power and Water Corporation (PAWC), at no cost to that Corporation.

5. Electrical reticulation to the development must be provided to the requirements and satisfaction of the Power and Water Corporation (PAWC), at no cost to that Corporation.

6. An approved effluent disposal system to the requirements of the Department of Health and Families and to the satisfaction of the consent authority must be installed concurrently with the construction of the development and all waste must be disposed of within the curtilage of the property.

7. Any works, required by the Power and Water Corporation (PAWC) to upgrade, extend or augment existing PAWC infrastructure (including off-site works), must be undertaken by the developer, to the satisfaction of Power and Water Corporation (PAWC) at no cost to that Corporation.

8. Storm water is to be collected and discharged into the drainage network to the technical standards of and at no cost to Barkly Shire Council, to the satisfaction of the consent authority.

9. Kerb crossovers and driveways to the site boundary and stormwater drainage shall be provided to the requirements and satisfaction of Barkly Shire Council, at no cost to the Council.
10. Sight lines shall be provided at the juncture between the means of ingress and egress to the site and the public street to the satisfaction of Barkly Shire Council. No fence, hedge or tree exceeding 0.6 metres in height shall be planted in front of the sight line.
